

Workplan 2016 - 2018

Year of 2016

1. Prepare WGRE Terms of Reference to better support for FP 2020 initiative in the country.
2. Provide inputs to the updating of the request for proposal (RFP) document to ensure adoption of the rights and empowerment principles.
3. Mapping of the policies for access to SRHR for people with disabilities.

Year of 2017

1. Develop pilot program in Jakarta/ Banten to demonstrate the community empowerment so that everyone in community can implement their rights regarding family planning.
2. Conduct a workshop to share the experience and lesson learned to gain feedback from broader audience of experts from NGOs, Academician, Government, Professional Organizations, and others NGOs partners.
3. Develop tools for assessment to identify barriers in FP services.

Note:

If possible WGRE, would like to suggest that we can join working group 1 (RFP) activities, but we will focus on community empowerment program.

Year of 2018

WGRE will be focus on adolescent/ young people empowerment so that they can plan their own fertility.

1. Training SRHR including family planning to young people groups/adolescents.
2. Working closely with working group 1 to plan places/area which is strategies for the implementation of young people SRHR.
